THE STATE TAX BILL

Will Become a Law Without a Doubt-A Test Vote.

THE SENATE IS SURE TO PASS IT.

The Appropriation for the State Board of Agriculture Cut Out of the Appropriation Bill - The Farmers Themselves Oppose It-The Militia Appropriation Goes Through the House-Test Vote on the World's

Special Dispatch to the Intelligencer. Charleston, W. Va., Feb. 22.—There seems to be little doubt of the passage by the senate of Mr. Prince's bill decreasing the general state tax five cents and increasing the school tax five cents on the hundred dollar valuation Nearly all the time of the afternoon session was taken up in discussing it. Col. St. Clair championed it in a speech about an hour in length and Senators Watts and Peck also spoke in its favor. The question was on an amendment offered by Senator Parks to increase the general tax to 25 cents. Col. St. Clair in his remarks stated that if every dollar asked marks stated that if every dollar asked for in the appropriation bill is allowed the tax can still be reduced to 20 cents and the amount raised will be fully adequate for all demands made upon it. Mr. Parks' amondment was defeated and Sonator Whittaker offered an amendment to make the school tax 10 cents as at present instead of 15 cents as proposed in the bill. Mr. Whittaker gave the reason for the faith that was in him in a very clear and forcible manner, but it was no use. His amendment was lost by a vote of 16 to 16. Col. St. Clair moved that the bill be put up on its passage under a suspension of rules, but this motion was lost. However, the vote on the question was an unmistaken test of the strength of the bill, and its passage is now generally accepted as a passage is now generally accepted as a loregone conclusion. The bill was ordered to its third reading. AGRICULTURAL APPROPRIATION DEFEATED.

All the appropriations for the state board of agriculture were defeated today on motion of Mr. Harper. The

day on motion of Mr. Harper. The farmer members opposed them solidly and Harper, Atkinson and Smith, of Cathoun, all expressed themselves as being opposed to the board, saying it has been of no benefit to the farmers and only provides a few extra positions to be filled as rewards for political services at the expense of the people.

Owing to the fact that a bill recently passed provides for three mine inspectors instead of two, as heretofore, the appropriation to pay their salaries for 1893 was increased from \$2,000 to \$2,600, and for traveling expenses an increase of \$350 was made. An effort was made by Mr. McClung and others to cut down the appropriations for the militia, but after some discussion it failed by a vote of 33 to 35. The clause was amended by adding, "provided that no part of this money be used for transportation of militia to the World's Fair or any other public exhibition." Mr. Prince moved to strike out the approor any other public exhibition." Mr. Prince moved to strike out the appropriation to pay for insurance on the public buildings. This motion was lost,

THE ROUTINE.

At the morning session of the house the Thomas boon bill, with senate amendments, was passed; also Mr. amendments, was passed; also Mr. Floyd's bill amending the married women's law, passed at the present session; Mr. Johnston's bill concerning publication of the lists of persons and property returned delinquent for non-payment of taxes, and Mr. Brock's bill to establish the independent school district of Mannington. The latter bill was reported to the senate and that body took it up under a suspension of body took it up under a suspension of the rules and passed it within half an hour after receiving it.

hour after receiving it.

A message from the governor announced his approval of house bills increasing the number of assessment districts in certain counties, establishing a court of limited jurisdiction in Marion county, empowering the school district of Elizabeth to issue bonds, relating to houses of ill-fame (Wilson's bill), empowering Washington district, Pleasants county, to borrow money for a school building and substituting the alternate road law of 1891 for the law of 1872-3 in Marshall county.

On motion of Mr. Greer an allowance of \$3,000 was made to reimburse Mason

On motion of Air. Greer an allowance of \$3,000 was made to reimburse Mason county for money expended during the quarantine against smallpox. A few minor amendments to the appropriation bill were made in the items under the head "miscellaneous," which concludes the appropriations for 1898. Some members who seem and the seem and t bers who seem anxious to pose as economists were responsible for the loss of considerable valuable time by moving insignificant reductions, nearly all of which motions were lost after the time occupied in their discussion had cost more than the reductions would have amounted to hat they have reads. amounted to had they been made. The increase made in the appropriations by the amendments so far aggregate \$1,532. It is not likely that the consideration of the romainder of the bill will occupy much time, as the changes for 1894 will probably be in accordance with those made for 1893. Discussion will cer-tainly be unnecessary, and it is hoped will be dispensed with.

THE SENATE In the senate Mr. Gamble's house bill relating to the appointment of committees for insane persons was rejected. Mr. Worley's bill to repeal sections 18 to 39 inclusive of chapter 63 of the code, te 39 inclusive of chapter 63 of the code, relating to marriages, births and deaths was passed; also Mr. Staats' house bill amending the road law, giving land owners an outlet to public roads; Mr. Brock's house bill to establish the independent school district of Mannington and the house bill creating the county court of Pendleton county. The house bill amending the school law received some minor amendments and was ordered to its third reading. The senate refused to agree to the house amendments to the bill concerning the sale of forfeited, escheated and delinquent lands.

resources were set fourth in pamphlets and maps to be sent all over the world through the mails, the investment would pay ten times as much as if spent making an exhibit at the World's

Fair.

Mr. Edwards, of Kanawha, replied in a speech of some length in which he set forth the importance to West Virginia of a creditable exhibit at Chicago. Messrs. Floyd, Dandridge and Koontz all favored the original appropriation, and Messrs. Thompson, Johnston and flolt opposed it. Mr. Thompson appealed to the farmers and asked them how the appropriation would benefit them in any way. He said the whole scheme was to advertise a few interests, mostly those of land owners who are non-residents of the state, at the expense of the masses. The most telling speech of the discussion was made by Mr. Brockunier, who has proved himself one of the most valuable and most painstaking members of the house.

Mr. Brockunier spoke of the pressing necessities for the appropriation and made a detailed statement giving the various items for which the money is needed. In referring to Col. St. Clair, he said: "A distinguished son of West Virginia is virtually at the head of the exposition," and spoke of the successful efforts he had made to secure desirable space for West Virginia's exhibit. "Now," he asked, "will the members of the legislature say by their votes that this space shall be unoccupied?" He Mr. Edwards, of Kanawha, replied in

"Now," he asked, "will the members of
the legislature say by their votes that

deprecated the appeals to classes that
had been made by members opposing
the appropriation, which he said, would
inure to the benefit of the whole people
of the state, no matter what their occupation, or profession. A metion was
made by Mr. Gramm to substitute fifteen for twenty-five thousand dollars,
but it was lost. The ayes and noes
were called on the motion to strike out
and it was lost by a vote of 35 to 29.

When the house took a recess the
question under consideration was a motion by Mr. Johnston to make the
World's Fair appropriation \$10,000. Mr.
Harper moved to amend the amendment by substituting \$20,000. After
nearly an hour had been spent in discussing, the principal speaker being
Stewart Walker, who opposed the
\$10,000 proposition, Mr. Harper's amendment was adopted.

Breezy Times Yesterday Over Two Important Measures. ctal Dispatch to the Intelli

Columbus, O., Feb. 22,-,-The Heinlein bill to provide for payment of one thousand dollars to Col. Poorman as supervisor of elections while secretary of state resulted in a clash of arms to-day between Senator Nichols, of Belmont, and Lampson, of Ashtabula, The "lie" was offered but not passed. Senator Lampson, nottled by Senator Nichols' reference to the former's brother occupying a desk under Secretary of State Taylor as a reason for his advocacy of the Heinlein measure, made a severe return, saying his opposition was occasioned by personal dislike for the retired secretary, Col. Poorman. The fact is Mr. Nichols had nothing to do with the matter in his committee and kept "hands off" explaining such to the senate. As Mr. Lampson made reference to the matter again Mr. Nichols said "any man that says and means that, lies." This was sharp but it does not seem that Mr. Lampson meant to charge Mr. Nichols with such action.

The McGrew bill, which practically repeals the Garber salary and fee law was the cause of quite a breeze in the house to-day. The Garber law provided for a salary and the turning into the county treasury of any fees that might remain. Mr. McGrew said that he had failed to discount any county in the state in which there had been any surplus. He also contended that were there to be a surplus it was not fair that the litigant should pay more for the services of the court officials than they were worth that the that the taxes of his neighbor might be reduced. The author claimed that his bill would bring about just what the people wanted when they were clamoring for the Garber law. resulted in a clash of arms to-day between Senator Nichols, of Belmont, and

The bill proposes to reduce the fees now collected by the treasurer, probate judge, auditor and clerk of the court 25 per cent and recorder 20 cent in the large counties. For counties of a less population than 22.500 the old fees were to be left undisturbed. The bill's pasto be left undisturbed. The bill's passage immediately brought charges of bribery, and corruption charges were made that a corruption fund had been raised in every county in the state, and that an estimated sum of \$30,000 had been raised to further the bill's passage. To-morrow a resolution will be intro-duced by Mr. Harsbarger for the ap-pointment of a committee to investigate the charges.

A True Sisteri ZITZ

Special Dispatch to the Intelligencer.
COLUMBUS, O., Feb. 22.—Lizzie Eddington, the Belmont county murderess, who figured so conspicuously in the re cent penitentiary scandal, is in receipt of a letter from her married sister residing in Wheeling. The letter relates to the Eddington woman's unborn child and the disposition to be made of it when it first sees the light of day behind continuous transfer and the sees the light of day behind continuous transfer and the sees the light of the product of the sees the light of the product of the sees the light of the product of the sees the light of the sees the sees the light of the sees the sees the light of the sees the sees the sees the sees the sees the sees the light of the sees hit when it first sees the light of day be-hind penitentiary walls. WORLD'S FAIR BILL.

A Fight Against the Appropriation—Mr. Brockunier's Telling Speech.
Special Directe to the Intelligence.

Chiarleston, W. Va., Feb. 22.—The anticipated fight over the proposed appropriation of \$25,000 for the World's Fair took place this afternoon. It was begun by Mr. McClung, of Greenbrier, who moved to strike out the entire paragraph in regard to it. He spoke of the people, particularly the farmers. He said as a business proposition the question to be considered was, "will it pay?" He thought it would not. The state was developed by the enterprise of her people and as a matter of advertising, if her matchless Illinois, Chicago & Erie, Grand Trunk

There have been for some time rumors of strikes among the switchmen at the time of the opening of the fair, but that pian was abandoned because the officers of the Switchmen's Association thought it would appear like blackmaining the railroads to go out at that time. There is no doubt, however, that the plan to go out unless their demands were granted has been under serious consideration by the switchmen for a long time. The employes of the Chicago and Eastern Indiana are formed into a system federation and the cause of one branch of the employee is at once made the cause of all. The police were at once notified of the trouble and Inspector Koch at once dispatched a heavy force of men to the yards to quell any disturbance; but there was none, the men showing a most peaceable disposition. men showing a most peaceable disposi-

PITTSBURGH'S ELECTION.

But One Republican Elected—McKenna's Majority 1,100.

Pittsburgh, Pa., Feb. 22.—The later returns on yesterday's city election confirm last night's report. Judge Bernard McKenna, (Democrat) was elected mayor by 1,100 majority; Hon. H. I. Gourley (Independent), controller, by about 2.800 majority, and Joseph Den-niston, (Republican) treasurer, by prob-ably 1,500 majority. The latter was the only candidate on the Republican ticket elected. In Allegheny City, Mayor Wm. M. Kennedy, (Republican) was re-elected by about 2,000 majority.

A LYNCHING POSSIBLE

At Leechburg, Pn.-Excitement Bunning High.

PITTSHURGH, PA., Feb. 22.-A Leechburg, Pa., special says: Excitement over the murder and attempted bank robbery last night is still high and talk of lynching is freely indulged in. Two of the gang have been captured and are on the game in the star appears as a most in jail. One says his name is Dr. Charles Sprigg and that he is a jewelry peddler. He claims that he is not the party. The other man was captured at Allegheny Junction late last night. He will not talk, merely remarking with a smile that his name is Francis Murphy. Causalitans Shalfer, the murlared man Councilman Shaffer, the murdered man, was a prominent secret society member and great indignation is expressed at his killing.

Triumph of a Fraud.

The result of the municipal election is the triumph of a monumental fraud, nominated under a truck-and-dicker ar-rangement with the Democratic ma-chine upon a platform of false pretence. The pattern chalked out in the candi-dates and the platform was strictly followed in the campaign.
